## WORK EXPERIENCE

Bitpanda – **UI/UX Designer** **2019 - now**

At Bitpanda, I focus on building up resources to create a strong and solid groundwork for research, implementing a more data driven approach to UX and working towards refining strategic decisions in our design choices.

Nous – **Frontend Developer** **2018**

At Nous, I primarily worked on website projects with Django and Wagtail, focusing on perfecting my HTML / CSS structure to keep our projects accessible. I worked very closely with the in house Designer and incidentally discovered my passion for UX design

Lanner Bros. – **Developer / Designer** **2017**

For Lanner Bros group I built websites with Squarespace and Shopify and was responsible for a wide variety of tasks: Marketing, design, frontend / backend development, photography and video editing.

## EDUCATION

Malmö Högskola **2016**

**Interaction Design** (MsC, unfinished)

Kunstuniversität Linz **2012 - 2016**

**Timebased and Interactive Media** (BA)

die Graphische **2007 - 2012**

**Multimedia** (Matura)

## FURTHERMORE...

As a freelancer I worked, among others, with the following companies:

- Offroad Communications
- Balance – Leben ohne Barrieren
- Johannes Kepler Universität Linz

I also taught **“Interactive Fiction”** at the Kunstuniversität Linz.
